Application for recreational craft certification
Assessment Module B + F
EC-type examination + Conformity to type based on product verification

We, the undersigned, hereby request Inspection Body for a conformity assessment of the below described product(s) according to the requirements of the Council Directive 2013/53/EC on recreational craft and personal watercraft.

For module F type of assessment

Applicant's Data:

The Applicant is:	
Manufacturer's name:	
Address:	
Postal code:	
City:	
State:	
VAT number:	
Contact person:	
Position:	
Phone:	
E-mail:	
Webpage:	

Craft data:

Model name:	
Craft type:	
Hull material:	
Construction type:	
Decking:	
Design category:	

Hull length (L_H):		m
Waterline length (L_{WL}):		m
Beam of hull (B_H):		m
Maximum beam (B_{max}) only for multihulls:		m
Draught, maximum (T_{max}):		m
Displacement volume (V_D):		m ³
Loaded displacement: (m_{LDC}):		kg
Reference sail area (A_S):		m ²
Maximum recommended load:		kg
Crew limit (CL):		

Engine:			
Engine manufacturer:			
Number of engines:			
Engine type:			
Maximum engine power:			kW
Maximum declared speed:			knots

Tanks:		
fuel:		kg
fresh water:		kg
lubricants:		kg
grey water:		kg
other:		kg

List of technical documentation and quality system documentation submitted for product conformity assessment:

The technical documentation shall, wherever applicable, contain at least the following elements: a general description of the product, conceptual design and manufacturing drawings and schemes of components, sub-assemblies, circuits, etc., descriptions and explanations necessary for the understanding of those drawings and schemes and the operation of the product, a list of the harmonised standards and/or other relevant technical specifications, applied in full or in part, and descriptions of the solutions adopted to meet the essential requirements of the legislative instrument where those harmonised standards have not been applied. In the event of partly applied harmonised standards, the technical documentation shall specify the parts which have been applied, results of design calculations made, examinations carried out, etc., and test reports.

Quality system documentation shall as minimum include Quality manual, inspection controls records, testing data and calibration, relevant personnel qualification records.

No	Technical document / drawing name	No	Issued

Manufacturer's dclaration:

We hereby declare that the same application was not filed simultaneously with any other Notified Bodies. The information in this application is correct. We guarantee payment for the services of the Certification Body. We undertake to provide all the conditions necessary for conducting a conformity assessment in accordance with the requirements of the Certification Body, including compliance with safety rules. The requirements for the design and construction of the products referred to in Article 2 (1) of the Directive 2013/53/EC are followed and harmonized standards (where applicable) are used.

If the applicant is an authorized representative, importer or distributor, provide a copy of the document confirming the applicant's right to apply.

Planned place and date for certification:

Applicant's contact person:

Name	Position	Signature
phone	e-mail	

Applicant's Manager:

Name	Position	Signature
phone	e-mail	

Application issuing date:

The filled Application to be sent to: eaincert@eaincert.eu

Please submit a list of the harmonised standards and/or other relevant technical specifications the references of which have been published in the Official Journal of the European Union, applied in full or in part, and descriptions of the solutions adopted to meet the essential requirements of the legislative instrument where those harmonised standards have not been applied.

In the event of partly applied harmonised standards, the technical documentation shall specify the parts which have been applied.
